BLUEBIRD
RECOVERY SERVICES

At Bluebird, we are always trying to think of new ways to help you get more out of your car rental business. With that thought in mind, we are proud to introduce **Bluebird Recovery Services**! We are here to be your damage recovery specialists.

We will help you recover:
- Repair Costs
- Loss of Use
- Administrative Fees
- Diminished Value (where applicable)

We offer prompt and professional service in managing your recovery needs. We handle all aspects of your damage claims for a reasonable, flat fee that is easy to calculate regardless of the value of the claim.

The best part is our **No Recovery – No Fee** policy. If we don't recover your damages, you don't pay us a dime!

And we make the process simple! Seamless integration to RentWorks with the Claims Manager module allows you to assign claims at the touch of a button. Then we do all the rest! You can go back into RentWorks and track the status of your claims at any time.

We are pleased to announce that Ronnie Weston has come on board to manage our new Recovery Services division. Ronnie brings over 38 years of claims experience to the table. Most recently, she managed a large corporate car rental claims team. Her dedication was acknowledged with the 2012 Auto Rental News Professional of the Year Award for outstanding customer service.

Ronnie will be there for you every step of the way to maximize your recovery on each claim, while providing the highest level of customer service.

For more information, contact Ronnie directly at **973-384-9194** or via email at **ronnie@bluebirdrecoveryservices.com**
