Imagine connecting to Bluebird from an iPad, Mac, or Google Chromebook – with Zero Client Setup!

Now you can – with Ericom AccessNow™, run RentWorks™ in any popular browser – with NO client software!

- Use AccessNow to browse the Web and manage business from iPads/iPhones, Androids, Google Chromebooks, PCs, Macs, or any other device running an HTML-based browser (Google Chrome, Firefox, Internet Explorer, or Safari).
- Empower agents to work with Web apps and any Windows applications – simultaneously!
- For iPhones and other devices with smaller screens, ask about **RentWorks Mobile**.

Ericom AccessNow Features
- Runs right out-of-the-box, without requiring any customization, installation or configuration.
- Gives users secure and intuitive access to RentWorks.
- Provides excellent performance without requiring any upgrades or patches on the iPad, Mac or other device.

How Does AccessNow Work?
- It's so simple – all you need is a Web-browser and internet connection!
- Open the web page and enter the address of the Ericom AccessNow Server (wherever it's installed, such as on a Terminal Server, virtual server or physical computer).
- Enter your credentials and press 'Connect' – RentWorks will appear directly inside your browser window.
- That's it!

Ask your Bluebird account manager how you can start running RentWorks on your favorite browser today!
