Available For
RentWorks4™

Hand-Held Terminals

*Eliminate those long lines
at the rental counter!*

Features:

- State-of-the-art Symbol hand-held terminals running Windows Mobile.
- Easy to use interface with on-screen keyboard.
- Made of rugged materials to stand up to cold temperatures and everyday wear and tear.
- Terminals connect to main RentWorks system server using wireless LAN or Cellular GSM/SIM technology.
- Provides excellent performance while requiring little or no maintenance.
- With LAN, range of up to 300 feet from base unit without obstruction; can be extended by installing additional components. With Cellular, range is only limited by your cellular service.
- Close contracts, take payments, get credit card authorizations, print receipts, and perform fleet physical inventory through an integrated barcode reader.

What does all this mean? It's simple:

Fast Service = Happy Customers

*Don't get left at the curb...
contact us today!*
