Press Release

Dover, New Jersey — Bluebird Auto Rental Systems announced today the acquisition of Orion Systems of Omaha, Nebraska.

With over 20 years of experience in the industry, Orion serves an international base of corporate and independent vehicle rental operators. Their flagship products, Classic + and Car Sales +, offer both a GUI and Character/Text interface, giving the customer multiple options to maximize their hardware investment.

Orion also offers a range of electronic data and asset management products, as well as training, help desk and custom programming services.

Angela Margolit, President of Bluebird, commented, “We are very excited about this purchase. Bluebird and Orion share the same commitment to offering superior products and providing excellent customer service. With our combined resources, we will be able to raise the bar on virtually everything we deliver. It will be a win/win situation for our customers and the industry in general.”

BARS is a privately held Limited Partnership with Corporate Headquarters in Dover, New Jersey.
