Premium Loaner Fleet Management Software

Bluebird Auto Rental Systems offers the most powerful and dependable management system for courtesy transportation vehicles. Built on the **RentWorks PowerSuite** platform, our **LoanerTrack** product offers the most complete loaner application software available and will run on any Windows PC or Mac.

## Features:

- Two-way Interface to Dealer Management Systems such as:
  - CDK Drive (formerly ADP)
  - Auto/Mate • Reynolds
  - Dealertrack (Arkona)
  - LightYear (DealerBuilt)
- Ease of Use. One simple screen does it all.
- Add rental and insurance charges, miscellaneous charges, optional equipment, and taxes. You can even specify which charges are tax-exempt to the dealership while the renter pays applicable taxes.
- Available either in-house or via the Internet.
- Can be customized to meet your Service Management requirements.
- Report Rich. Over 100 reports to give you instant data on your loaner operation, including fleet management, utilization, detailed reservation report and more. Or if you prefer, customize your own reports with Cyberquery Report Writer.
- Complete Reservation Module included, as well as the ability to open retail rental contracts.
- Complete Fleet/Customer Maintenance and History.
- 24 x 7 access to our Online Call System.
